In Our Hands Capital Campaign 2015-2025

The In Our Hands Capital Campaign represented a bold and transformative goal for the Stratford General Hospital Foundation Board and the broader community. With an eye on both present challenges and future opportunities at the Huron Perth Healthcare Alliance (HPHA) – Stratford General Hospital, the Foundation Board and hospital team collaborated to shape the most ambitious campaign in our foundation’s history: a \$30 million goal.

The need was urgent. Essential medical equipment was aging quickly, and a once-modern hospital was now visibly showing its age, requiring upgrades to meet current standards. Thirty million dollars would be a valuable investment in our hospital for the benefit of our community.

While government funding supports day-to-day hospital operations, it does not always extend to new or replacement equipment or facility upgrades. Ongoing community support is therefore essential to maintain high standards of care and ensure readiness for future healthcare demands.

As of May 6, 2025, the Stratford General Hospital Foundation proudly announced that the goal had been achieved – and not just achieved, but surpassed – **raising a total of \$31,428,674.40. Our community is truly remarkable!**

In Honour of Our Capital Campaign Co-Chairs

Left: Paul Roulston Campaign Co-Chair
Right: Rick Orr Campaign Co-Chair

Rick Orr – 27 Years of Service

Paul Roulston – 16 Years of Service

With deepest gratitude, we acknowledge and celebrate the exceptional leadership of Rick Orr and Paul Roulston, Co-Chairs of our In Our Hands Capital Campaign, the largest and most ambitious campaign in the history of the Stratford General Hospital Foundation.

Rick Orr’s 27 year commitment to the Foundation continues a proud family legacy of supporting local healthcare following his father, Tom Orr in co-chairing campaigns. The Orr Family has long been woven into the fabric of this community, and Rick’s unwavering support is a testament to his deep belief in the power of giving back. His leadership in this campaign has helped chart a path forward for our hospital and the many patients and families it serves.

For over 16 years, Paul Roulston has provided heartfelt service to the Foundation. As a retired pharmacist and trusted business owner, Paul’s passion for healthcare comes from his decades of caring for the community through his pharmacy. His dedication to strengthening the local health system reflects a life committed to the well-being of others.

Together, Rick and Paul have been instrumental in uniting the Foundation, the hospital, our donors, and our community around a shared vision. One that recognizes that access to exceptional care is not a privilege, but a necessity. Their guidance inspired a remarkable outpouring of generosity that made it possible to reach our historic \$30 million campaign goal.

This was more than a fundraising milestone; it was a community united by purpose, heart, and determination. Thanks to their leadership and the collective support of so many, our hospital is well-positioned to grow, innovate, and care for generations to come.

To Rick and Paul: thank you for your passion, your perseverance, and your belief that together, we can build something extraordinary. The future of healthcare in our community is stronger because of you, and that future remains, proudly and profoundly, **In Our Hands.**
