As many of you know, Stratford Special Care Nursery holds a very special place in our hearts.

In August 2024, we experienced a traumatic delivery of multiples that resulted in one of our babies needing the Special Care Nursery to survive. What should have been one of the happiest days of our lives quickly became one of the most frightening and emotional experiences we have ever faced.

Our time in the hospital was filled with uncertainty, fear, and so many emotions. There were moments when we truly didn't know if we would be leaving the hospital with both of our baby boys. But throughout it all, the incredible staff went above and beyond to care for our family and, most importantly, our Baby B.

They kept us informed, supported us through the hardest moments, and provided him with the exceptional care he needed. We will never forget the staff who came running to the hospital for us that day, or the people who helped us through one of the most difficult experiences of our lives.

We were so grateful for the doctors who were there for us that day that we chose to honour them by naming our baby boy after them. And that name has continued to hold a special place in our family and our little business. We even named our goat milk body butter lotion Lister's Lotion after him!

Capri Natural started as something small, making goat milk soaps and lotions on our farm, but over the years, it has become so much more. Now, we have an opportunity to use our little business to give back to a place that gave our family so much.

We are launching a Capri Natural fundraiser in support of Stratford Special Care Nursery!

We know firsthand how important this unit is to families in our community. It is a place where parents experience some of their most vulnerable moments, where the future can feel uncertain, and where the compassion, knowledge, and dedication of the staff can make all the difference.

We will forever be grateful that we got to bring our baby boy home, and we will never forget the people who helped make that possible.

By supporting this fundraiser, you aren't just supporting a small local business — you're helping us give back to the incredible people who care for babies and families when they need it most.

Every purchase, every share, and every bit of support means so much to our family. From our farm to your home, thank you for helping us give back to a cause that will forever be part of our story.

From our family to yours, thank you for supporting Capri Natural and Stratford Special Care Nursery.
