3 PILLARS OF GIVING 2023/34

COMMUNITY STORIES...

Remembering Erma and Adam Clarke – by Susan Palmer, loving daughter

“As we work to create light for others, we naturally light our own way.” (Mary Anne Radmacher) What does it take to give to other people in need? What does pay it forward really look like in a community. Stratford is a humble community with a big heart. Why is Stratford

rated in the top ten best Ontario cities to retire? To have a sense of community is a gift. Many people live their entire lives in Stratford. Adam and Erma Clarke who resided at 120 St. Vincent St. S. were the light to many in the community.

Adam, employed by Cooper, was a Tinsmith by trade even traveled to Toronto to work the Rounds in train maintenance and repair. After Cooper closed he joined the P.U.C. staff in Stratford. He was a gentle soul who possessed a determination to live life with morality and kindness. Loved by the community at large, Adam was a willing participant who was eager to help others. As a member of Ontario Street Baptist Church the Clarke’s gave generously to make the community a better place.

Erma was employed as an X-ray technician at S.G.H. The eldest of four, she thrived in leadership opportunities such as many years in Guiding where she mentored children who remember her fondly as Brown Owl. Early morning bus rides to competitions with The Stratford Festival City Majorettes were a highlight for Erma.

Gardening was not only a hobby but also her passion. Erma loved creating floral arrangements for special events and Sunday church. Erma inspired others to take pride in everything you do. “For if it’s worth doing, it’s worth doing well.” For twenty-one years, Erma crossed hundreds of children to safely get to Hamlet School.

Volunteer of Distinction was an award Erma received for her dedication to public safety. Adam and Erma loved getting involved in community initiatives but were often the driving force for progress. If they could do the job asked of them, they would.

Cancer crept into both of them like a slow moving shadow. Years of treatments and surgeries between Stratford and London established

new community relationships. “I remember listening to Mom tell her Doctor how much she loved him.” This after her diagnosis of the recurrence of cancer. Both Erma and Adam appreciated the care given to them while in treatment.

Adam and Erma believed that the hospitals needed help. Seeing first hand the difficulties with equipment, staffing numbers, long waits on uncomfortable furniture all prompted legacy gift giving.

The pharmacist study that will house the memories of Adam and Erma is quite fitting. This will be a place where physicians, pharmacists and in care patients will collaborate to develop the best treatment plan. Mom carried a big binder to appointments to reference when Doctors or Nurses wanted to discuss treatments. It seems fitting that their gift should go towards the Chemo suite to provide a comfortable space for such important planning.

Likewise London Health Sciences was able to purchase six comfort chairs and tvs in the chemo suite with the legacy gift from Adam and Erma, “I remember a discussion I had with Mom about legacy giving to the hospitals. After a thoughtful pause like she was remembering a moment back in time she said to me, Dad and I hated sitting those long hours in the uncomfortable chairs in the waiting room.” It impacted them enough to leave sizable gifts to both hospitals. They believed that to be a part of a community one should share their means to help others.

It’s coming on the five year anniversary of Mom’s passing. Dad passed away in 2006. Each day is another without our parents. By remembering them today I hope our family can demonstrate the teaching of their generosity. We continue to “Hike for Hospice” with team “Erma’s Neighbours” striving to help others who need care. It brings our family happiness knowing that we can bring light to others in their time of need.

A Gift to Celebrate Smelski Pumpkin Farm

Our heartfelt thanks to Richard and Jean Smelski (Jean is also a SGHF Board Member) for making a very generous donation of \$35,877.55 to mark the end of “Smelski Pumpkin Farm” in Shakespeare, ON. We congratulate them on all their hard work, and know many families and visitors will miss visiting their pumpkin farm- an annual tradition where countless cherished memories were made!

Richard and Jean share the following message:

“Smelski Pumpkin patch no more – it was an enjoyable and good ride for the last 20 years. We have made the decision to quit our noted Pumpkin Farm on a high, ‘and not when we have to’. To all our customers and followers: Thank You, and after a thorough search, we decided to donate to the ‘needy’ Stratford Hospital Foundation, as a token of our appreciation and successes.

At our senior stage in life- the Stratford Hospital Foundation is more of an investment than a donation – it is only right to share our well-being knowing this is one of the best health providers right next door, which we need and depend on. Not only do we thank the many customers, associates and friends through this donation, but also to a well-managed health provider that we can depend on. Thank You.”

SGH School of Nursing - 1955 Graduating Class gives back!

A heartfelt thank you to the 1955 Graduating Class of the SGH School of Nursing who have generously donated \$1,000 to our foundation in support of the MRI. Thank you for your generosity and thoughtful gift.

Leap Year Tradition

Pictured here: Jessica Coulthard- RN Maternal Child, Henrik and Jessica Cade, Audra Boersen Reg. N.- Manager, Maternal Child Unit and Scheduling Office.

Jess Cade an RPN at SGH Operating Room, and her family celebrated Leap Year with a special gift to Leap babies born at SGH.

EIGHT years ago, her oldest son Henrik was born at SGH on February 29, 2016-- making him a leap year baby!

During their time at the hospital, a previous employee gave a gift for the leap year babies (the employee was a leap year baby also). This gift was so special to Jess and her family that they’ve decided to “pay it forward” by starting off a tradition with their son. Happy Birthday Henrik ... & “Hoppy” Leap Year everyone!
